SUBHASHINI NEELAM

Executive Leadership • Operations • Strategic Growth • Financial Stewardship

Lakeland, FL | (732) 331-9483 | subhashini_ne@yahoo.com

EXECUTIVE SUMMARY

Entrepreneurial executive and co-founder of two technology services companies, with 20+ years of experience building organizations, leading operations, and stewarding resources. Founded Sumas Edge Corporation in 2013 and grew sales from $0 to $4 million, sustaining consistent revenue through challenging economic times. Pairs strategic growth and business development with deep operational discipline gained over 12 years managing administration for a national IT consultancy. Builds the teams, systems, and trusted stakeholder, client, and vendor partnerships that let organizations scale responsibly. Seeking to bring mission-driven leadership, financial stewardship, and organizational capacity-building to a nonprofit as Executive Director, Chief Operating Officer, or board/senior leadership member.

LEADERSHIP HIGHLIGHTS

- **Growth & sustainability:** Built Sumas Edge Corporation from startup to $4 million in sales, with consistent revenue sustained through economic downturns.
- **Two-time founder:** Founding member of two companies, Sumas Corporation and Sumas Edge Corporation, leading operations, strategy, and administration.
- **Values-driven leadership:** Leads a proudly woman-owned firm whose values (clarity over jargon, outcomes over hours, partnership over lock-in) mirror nonprofit accountability.

PROFESSIONAL EXPERIENCE

Founder & Head of Operations

10/2013 – Present

Sumas Edge Corporation | Edison, NJ

Proudly woman-owned, senior, partner-led IT services firm serving small and mid-sized businesses and scale-ups through project and retained engagements.

- **Revenue growth:** Founded the company and grew sales from $0 to $4 million, sustaining consistent revenue even through tough economic times.
- **Strategic leadership:** Direct overall company operations, growth, and strategy, owning administrative and business management decisions.
- **Program portfolio:** Lead a firm delivering six integrated practices: cloud & infrastructure (AWS, Azure, hybrid), cybersecurity, AI & automation, data & analytics, managed IT support, and technology strategy (fractional CTO guidance).
- **Partnership development:** Develop and carry out business development strategy, identifying opportunities and building long-term client partnerships; the firm has modernized and secured 40+ client teams.
- **Accountable service delivery:** Oversee a transparent Discover–Plan–Implement–Support engagement model with clear roadmaps, timelines, and costs, held to a 99.9% uptime standard.
- **Technology & brand:** Plan and oversee IT initiatives supporting company operations, and lead brand development that established the firm's market presence.

Co-Founder & Office Administrative Manager

06/2004 – 06/2016

Sumas Corporation | Edison, NJ

Technical IT consultancy serving medium and large companies across the U.S. in banking, financial services, healthcare & pharmaceuticals, technology & telecommunications, manufacturing & distribution, and ERP.

- **Founding team:** Founding member of the company; built and ran the administrative backbone that supported its leadership, staff, customers, and sub-vendors.
- **Executive partnership:** Served as the operational right hand to the CEO and the VP & General Manager, managing executive and department calendars and coordinating business meetings.
- **Systems & process design:** Developed and implemented administrative processes and procedures that standardized office operations; established filing systems, records, and logs for staff and management.
- **Financial administration:** Processed travel and business expense forms and check requests, applying formal accounting training to keep spending documented and controlled.
- **Stakeholder communications:** Prepared, edited, and distributed memos, reports, presentations, and business graphics to management, staff, customers, and sub-vendors; served as a primary point of contact for customers, vendors, and employees.
- **Team & resource management:** Provided office management and supervisory support; managed office supplies, equipment, mail, and files so the team had the tools needed to perform.

Customer Service Representative / Front-Desk Cashier

02/2010 – 09/2010

AmazingSavings | East Brunswick, NJ

- Delivered front-line customer service, greeting customers, resolving questions and requests, and accurately processing register transactions.
